 WE HAVE BEEN
WORKING WITH

ABOUT US

Since our humble beginnings in the 1950s our continual programme of research and development of unique cleaning solutions has been relentless. We are always challenging the frontiers of cleaning processes and raising the expectation of the cleaning industry through improved results, efficiencies, ergonomics and new solutions. 2018 will be no exception with more ground breaking technically advanced products being added to the range, launching SYR and the cleaning industry firmly into the future.

WHAT WE DO

Cleaning and Hygiene Solutions at your finger tips! With literally thousands of unique and innovative products to choose from in this newly refreshed and updated catalogue.

SYR continues to be one of Britain's very best manufacturers and single source suppliers of unique and innovative cleaning and hygiene products, serving clients in the cleaning industry throughout the United Kingdom, Europe and around the globe. Our emphasis has always been as a leader never a follower in cleaning product evolution. It is in our DNA and at the forefront of everything we do in terms of providing our customers with a unique approach to cleaning, by means of research and development. Designing products to make improvements to cleaning tasks, through efficiencies in use, ergonomics for safe and healthy working practices, coupled with good quality and value for money.

With SYR you can be assured that our products keep pace with the very latest cleaning and hygiene solutions and regulations. Our SYR Taskforce team are always on hand to help our customers with an on-site training package to ensure that all SYR products are correct for each individual specific working environment.

Whatever cleaning and hygiene product requirements you have, our customer service team are here to provide you with responsive pre-ordering assistance coupled with the very best of service that's second to none.

Our goal with this new catalogue is to offer our discerning customers our widest ever range of unique specialist cleaning products, making SYR your first choice for professional cleaning products.

Interchange Handles & Mops

Our unique range of handles can be used to fit a multitude of cleaning products. There are multiple size options available meaning there is a handle for most cleaning and maintenance tasks. The SYR Interchange range allows tools to be swapped easily onto the same handle, this means less items to carry and one handle does it all.

LOOK OUT FOR THE SYR INTERCHANGE COMPATIBLE LOGO

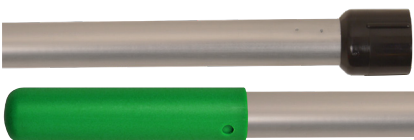

THIS IDENTIFIES ANY SYR PRODUCT WHICH HAS AN INTERCHANGE FITTING

54" INTERCHANGE HANDLE

Interchange handles are the core of most SYR cleaning tools allowing for quick and easy swapping of tools by using just one handle. Made from a heavy duty aluminium and available in a fully colour coded range. 1370mm long.

- 920044 | RED
- 920046 | GREEN
- 920047 | BLACK
- 920043 | YELLOW
- 920045 | BLUE

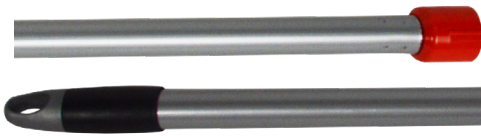

22" INTERCHANGE HANDLE

Made from the same durable aluminium, fully colour coded hand grip and black Interchange ferrule. 600mm long.

- 970145 | RED
- 970148 | GREEN
- 970146 | BLACK
- 991251 | YELLOW
- 970147 | BLUE

TRADITIONAL HANDLE

Lightweight handle with hanging ring and colour coded Interchange ferrule. 1219mm long.

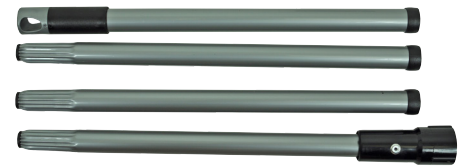

- 992179 | RED
- 992181 | GREEN
- 992178 | BLACK
- 992182 | YELLOW
- 992180 | BLUE

WOODEN HANDLE

Made from natural wood. Varnished with a black Interchange fitting. 1370mm long.

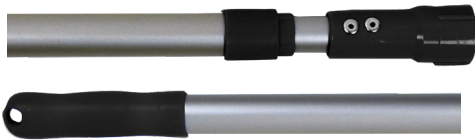

940092 | WOODEN HANDLE

4 PIECE HANDLE

Simply click together handle sections as required for up to 1520mm long.

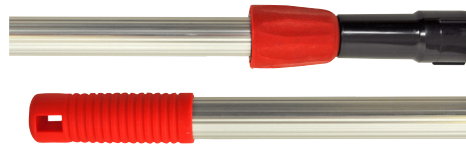

992903 | 4 PIECE HANDLE

INTERCHANGE TELESCOPIC HANDLE

Lightweight and extendable from 914mm to 1828mm. Plastic moulded hand grip.

50175000 | TELESCOPIC HANDLE

ALUMINIUM EXTENSION POLE

Allows cleaner to reach areas from 1830mm up to 4120mm. Made from strong aluminium.

930013 | EXTENSION POLE

INTERCHANGE 90° ANGLE ADAPTOR

Allows for reach into awkward or hard to get to areas up to 90°. Made from strong aluminium.

970100 | 90° ANGLE ADAPTOR

STUDLOC POLE

Made from lightweight and strong aluminium with a 25mm diameter. These poles have a telescopic action for extendable reach with a strong Interchange fitting. In three different sizes; 1200mm-2440mm, 1828mm-3660mm and 2438mm-4876mm.

- 930445 | 1200mm - 2440mm
- 930446 | 1828mm - 3660mm
- 930447 | 2438mm - 4876mm

Extend the Studloc poles by pushing in the red button below the Interchange fitting and feeding the handle out. You do this in reverse to close up the Studloc pole.

Three extension sizes of Studloc pole 1200mm-2440mm up to 2438mm-4876mm.

SYRTEX COLOUR CHANGERS

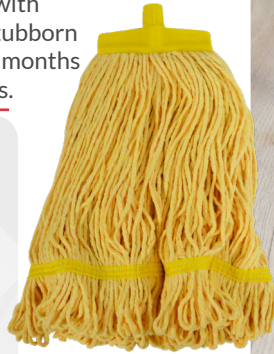

Special SYRTEX blended yarn, looped end with band. Built in scourer scrub pad removes stubborn dirt and grime. These mops can last up to 3 months and are machine washable up to 90 degrees.

801103 | 330MM W VISCOSE SPONGE

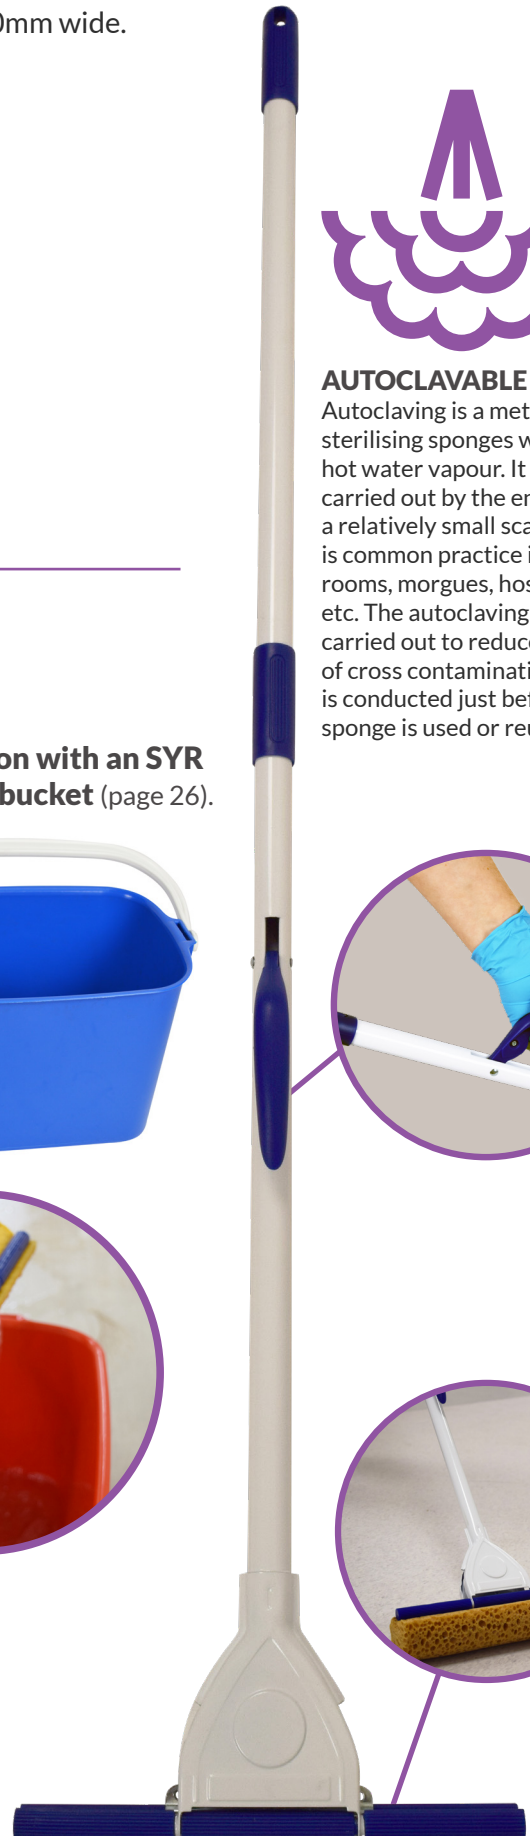

COMPRESSED SPONGE

Use in conjunction with an **SYR oblong cleaning bucket** (page 26).

AUTOCLAVABLE SPONGE

Autoclaving is a method of sterilising sponges with very hot water vapour. It is normally carried out by the end user on a relatively small scale, and is common practice in clean rooms, morgues, hospitals, labs etc. The autoclaving process is carried out to reduce the risk of cross contamination and is conducted just before the sponge is used or reused.

RAPID MOP

Light and mobile the Rapid Mop is a bucketless mop system which provides controllable moisture, to give smear free dry floors. Ideal for daytime cleaning in lightly soiled areas. Rapid Mop is 1450mm long.

- Select which colour coded ring is required and place on handle. The simple and effective way to designate your mop to specific colour coded cleaning areas.
- Simply unscrew top and pour in water into the lightweight handle's 480ml internal reservoir.
- Simply add your choice of SYR 40cm flat mop with quick and easy hook and loop attachment (See below).
- Press the thumb operated spray control at the top of the handle to direct the spray onto the floor ahead of the Rapid Mop as you go.

S0290000 | SAFE-GUARD CAUTION SIGN

SAFE GUARD

THE PATENTED NON-TIP SAFETY SIGN

SYR have redesigned the caution sign to offer a Heavy Duty, fit for purpose, low cost Wet Floor Sign.

Durable moulded polypropylene safety warning sign, with 'caution wet floor cleaning in progress' message on both sides. Printed using a unique "IN-MOULD PRINT" injection moulding technique, which ensures high-resolution images, being resistant to wetness and humidity, more impervious to harm from cleaning chemicals and maintain their sharpness, despite direct sunlight or significant +/- variations in temperature.

HIGH VISIBILITY

IN MOULD PRINT

CLOSED FOR CLEANING SIGN
Telescopic to suit doorways from 78cm to 135cm. Creates a visible hanging barrier and stops entry to any area whilst cleaning is in progress. Simply rolls up for space saving storage.

X0158294 | CLOSED FOR CLEANING

SENTRY SAFETY CONE
53.3cm high durable moulded polypropylene safety warning sign, printed on 4 sides. Light and easy to transport and can be stacked to save on storage space.

992387 | SENTRY CONE

TALL SAFETY CONE
91.4cm high durable moulded polypropylene safety warning sign, printed on 4 sides. Light and easy to transport and can be stacked to save on storage space.

992388 | TALL SAFETY SIGN

Why not have your own personalised safety signs?

Our heavy duty non-tip folding safety signs, safety sentry cones and tall safety cones are available in standard SYR print. However, why not consider our latest SYR safety sign printing service which allows you to advertise your name, company or special message. Using the SYR custom design and print service offers a high quality screen print finish on all of our signs.

bottle. For use with MST (see page 45).

994290 | SURFACE CLEANER SOLUTION

**125ML ANTIMICROBIAL
BODY WASH**
Contains 4% Chlorhexidine. Doesn't
stain sinks or showers. Conform to
modified EN13727.

S0146000 | 125ML BOTTLE

Some of our chemicals contain biocides. Use biocides safely. Always read the label and product information before use.

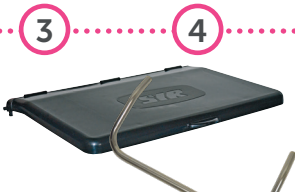

SPACE SAVER TROLLEY

Spacesaver trolleys have a folded-down footprint of just 51cm x 57cm - the same as the average mop bucket - making them possibly the smallest trolleys in the world; ideal for limited storage space. Light and manoeuvrable, they are big on versatility, with a huge choice of add-on equipment. Several world patents are linked with the innovative trolleys and one of these allows bins and buckets to be wheeled along with the trolleys, rather than lifted on and off. Spacesaver trolleys were developed to fit in with every concept of mopping combo that SYR manufactures so they really can be tailored to meet specific needs.

1 WASTE BAG & CORD
84 litre capacity waste bag with zip. Bungee cord holds refuse sack in place.

993482 | WASTE BAG

800131 | REPLACEMENT SCRAPERS

WOODEN HANDLE SCRAPER

Positive scraping action for removing compacted dirt, grime and chewing gum. Complete with 1370mm long wooden handle.

993122 | WOOD HANDLE SCRAPER

800131 | REPLACEMENT SCRAPERS

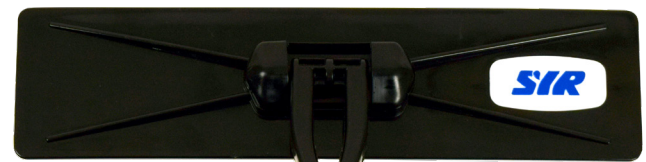

Multi Surface Tool (MST)

Can be used on internal windows, mirrors, glass areas and a multitude of hard surfaces. The surface is left perfectly clean, instantly dry and smear-free.

- Surfaces to be cleaned are moistened with fine spray from hand atomiser.
- Removable colour coded tabs on blue microfibre pad to reduce the risk of cross contamination.
- Three styles of microfibre heads are all available to purchase separately:

- Blue microfibre pads are used for laminate wood and in general areas.
- White microfibre pads are used for glass, mirrors, internal windows, digital displays and stainless steel.
- Performance pads are used for removing stubborn stains with tough scrubbing strips.

- Complete MST kit contains surface cleaner chemical, hand atomiser, 3 blue microfibre pads and an MST tool.
- Surface cleaner and atomiser bottle are also available to purchase separately (See Page 34 for more details).

Why not have your own personalised sprayer bottles?

Our trigger sprayer bottles are available from stock unprinted, however why not consider our latest SYR bottle printing service which lets you advertise your name, company or special message? With the SYR custom design and print service we can offer up to a 3 colour print design on either our 600ml or 750ml bottles.

- Minimum order 500 bottles & sprayers
- Simply supply drawing or typed text
- Company logos should be supplied as high resolution vector PDF or EPS
- Colours must be chosen from our standard colour range
- Our design studio will send you a PDF proof to approve
- Delivery is approx 3 weeks after approval

BENEFIT FROM A FREE SYR FOCUS EVALUATION

The SYR Focus team are here to help with a full on-site training package to ensure that all SYR products are correct for each individual specific working environment.

HERE IS JUST AN EXAMPLE OF WHAT SOME OF OUR CUSTOMERS ARE SAYING

**ALLIANCE
EAST MIDLANDS**

The service they provide and support given by Julie and her FOCUS team is very much appreciated by us and our customers...

**LAUREN KYLE
SODEXO**

...Always impressed by their enthusiasm, commitment, and willingness to support Sodexo's business.

**KIMBERLEY CLARK
NORTHFLEET**

Julie's written reports are well written and clearly presented providing a helpful 'at a glance' guide to improving methods and therefore standards.

**CARLSBERG
NORTHAMPTON**

Julie and the SYR FOCUS are always willing to support the projects I've asked her to be involved in – ranging from visiting sites in Ireland to demonstrate products, to supporting mobilisations.

FREE product trials and on site training

- Working with operators on-site
- Full product training including working with non-English speaking staff and operators with learning difficulties
- All training is supported by SYR certificates and registers
- Method statements and training guides
- Ensuring that SYR products and the product benefits are understood
- Advice on all Health & Safety issues
- Helping cleaning staff to be more efficient and effective
- Resolving any cleaning issues through either re-training or recommending alternative tools & equipment

FOLLOWING OUR ON SITE SURVEY THE FOCUS TEAM WILL PREPARE A DETAILED AND SPECIFIC EVALUATION REPORT COVERING THE FOLLOWING:

- Types of cleaning i.e high level, kitchen, mopping etc
- Types of surfaces to be cleaned i.e flooring, walls etc
- Areas that have to be cleaned
- Products and procedures currently used - hardware, chemicals etc
- Potential hazards / problems, slip / fall readings
- Suggested products & procedures, Health & Safety benefits, time savings, fit for purpose products
- Personnel and companies involved
- Site cleaning specifications alternative tools and equipment
